MR. JOHN DYER DEAD.

One of Wilmington's Oldest Citizens Passes Away.

After having been in bad health for some time, but only two weeks confinement to his bed, Mr. John Dyer, one of Wilmington's oldest and most highly esteemed citizens, departed this life yesterday morning at 3 o'clock at his residence, No. 917 Market street.

Mr. Dyer was born at Belfast, Ireland, on July 6, 1822, and was therefor 83 years of age. About 50 years ago he came to this country and settled He learned the tailors' trade, and soon amassed considerable property. When he first came to Wilmington he entered the employ of Munson & Co., merchant tailors. About 20 years ago he and his son, the late George R. Dyer, formed a co-partnership and opened up a tailoring and house furnishing store. This business was continued for some time, but was discontinued when his son moved away from Wilmington.

Mr. Dyer married when he was quite a young man, but his wife preceded him to the grave some years ago. Three children [illegible]om, of whom only on[illegible] Holden, of this city [illegible] is son Geo. R. Dyer, [illegible]ago in Savannah, Ga [illegible] child, Mrs. J. D. The funeral [illegible] morning from the l[illegible] he deceased, and w[illegible]y the Rev. Dr. Jas. [illegible], of St. Johns Epis[illegible] Dyer was one of the most highly respected citizens of the city. Although he was of a quiet and retiring disposition, he had many friends who will experience a real pang of sorrow when they hear of his death. Mr. Dyer was a man of the strictest integrity and possessed of a high sense of honor. In his death Wilmington suffers the loss of a most highly esteemed citizen.

The Hibernian Society, of which the deceased was a very prominent member, will attend the funeral in a body.

INSURANCE PROMPTLY PAID.

Widow of Late Frank A. Talbert Receives $1,000.

The late Frank A. Talbert, who was killed July 29th by M. W. Shockley, a saloon keeper, at the corner of Front and Dock streets, carried one thousand dollars insurance on his life and had only paid one premium on his policy amounting to $18.19. His insurance was carried with the Metropolitan Life Insurance Company, and the company has made settlement already through Mr. W. D. Bishop, its local superintendent in this city.

A check for the full amount was received Wednesday night and the same has already been delivered to the widow, Mrs. Sallie I. Talbert, 210 Walnut street. The company remitted check with creditable promptness and would have sent it sooner had it been able to secure proofs of Mr. Talbert's death. The delay in forwarding proof was due to the absence from the city of the minister who conducted the funeral services, his endorsement being necessary before the policy could be finally adjusted.

SAD OCCASION YESTERDAY.

Remains of Mrs.. Albert E. Peschau Interred at Oakdale.

The funeral of the late Mrs. Amelia Kipp Peschau, wife of Mr. A. E. Peschau, who died at Asheville, N. C., last Sunday morning, was held this morning at 11 o'clock from the lodge in Oakdale cemetery.

The remains, accompanied by Mr. Peschau, his mother, Mrs. E. Peschau, his sister, Miss Lillie Peschau, and by Mrs. Markhart, an aunt of the deceased, reached the city on the morning train from the North, and were borne to Oakdale, where the last sad rites were said. The beautiful service of the Episcopal Church for the burial of the dead was read by Rev. R. W. Hogue, pastor of St. James' church.

The pall-bearers were Messrs. G. L., H. B., E. V. H., E. F., and J. B. Peschau, and Mr. Weischard.

NEW WATER WORKS

City Board of Finance Leans Favorably Towards Municipal Ownership

JOINT MEETING LAST NIGHT

Alderman Johnson Explains His Proposition for Wilmington to Establish Its Own Water Plant—$1,000 for Investigation.

With the appropriation of $1,000 by the Board of Audit and Finance yesterday, which amount is to be used in securing estimates, plans, making provision for the securing of half dozen different samples of water to be gotten from different sections of the city, and to defray other incidental expenses, a start at least has been made toward municipal ownership of a water works system.

The Board of Aldermen at their last meeting recommended that the Board of Audit and Finance be asked to concur in an appropriation of $1,000 to be used for the preliminary expenses connected with the plan to have the city own its water works system. In accordance with this action the committee on water works from the Board, consisting of Aldermen Johnson, Brown and Price, requested the Board of Audit and Finance to meet with them to discuss the matter of the appropriation.

At the joint meeting held yesterday afternoon there were present Messrs. H. C. McQueen, chairman, Jesse Wilder, C. W. Yates, S. P. McNair, and J. A. Orrell, of the Board of Audit and Finance, and Messrs. E. F. Johnson, J. O. Brown and R. W. Price, constituting the water committee from the Board of Aldermen.

Chairman McQueen stated that the object of the meeting was to discuss the water works proposition—that is of municipal ownership of the water works system of Wilmington.

The matter was discussed freely by all present. The members of the Board of Audit and Finance expressed thmeselves as being somewhat in favor of the city's owning the water works but they said it was a matter that required careful thought and one that should be entered into carefully and with due caution.

Alderman Johnson was the spokesman for his committee. He declared that the Clarendon Water Works had not lived up to their contract and that they had repeatedly broken faith with the people of Wilmington; that he stood ready to prove his statements not only in one way, that is by examing the water and demonstarting its utter impurity, but in other ways besides. He said further, in answer to a question as to the securing of a supply of water should the city have its own system, that water could be secured from any one of a half dozen different sources the committee have under consideration. As an instance of the inefficiency of the Clarendon Company he cited the case of the Bear fire on Market street some time ago where the pressure on the water mains was so insufficient that it sent up a stream only 30 feet into the air, whereas the Clarendon Company contract expressly stipulated that in case of fire the water works should have sufficient pressure to throw a stream 100 feet high. Mr. Johnson concluded his remarks by saying that the people of Wilmington were tired of the miserable water furnished them and that ninety-five per cent were anxious for the city to own its water works system.

Each point advanced by Mr. Johnson was discussed at length. After a thorough discussion pro and con, the Board of Audit and Finance voted to appropriate $1,000 to be used for preliminary expenses that may be incurred by the committee.

The disposal of this amount is to be looked after by a committee of five, viz: the three members of the water committee from the Board of Aldermen, one member of the Board of Audit and Finance, and one member from the Chamber of Commerce. The Board of Aldermen will request the Chamber to appoint one of its members to serve on this committee.

LAST OF BASEBALL SERIES.

Double-Header to Be Pulled Off at Seaside Park.

Juvenile base ballist, and in fact all the boys of the city, have been looking forward to this afternoon with great interest, for it is then that the last of the series of games in the Junior Baseball League will be played. They will be played at Seaside park between the Monarchs, who have won 16 games out of the 22 played and the Y. M. C. A. team who have won 15 out of the same number.

These two teams have been pushing each other for first place in the per centage column since the opening of the season and they are very evenly matched. Double-headers will be played by the two teams and those, who go out to see the games will no doubt be satisfied with the article of ball that the teams will put forth. It is understood that the batteries for the Monarchs in the games will be, Oscar Brinkley pitch, and Will. Gore catch, for the first game, and John Myers pitch, and Gore catch in the second game.

A cordial invitation is extended to the public to go out to see the two games at Seaside park this afternoon. "Play ball" will be called at 4:30 o'clock sharp. At present, the Monarchs are ahead, but should the Y. M. C. A. team succeed in taking both games Saturday, they will be the champions of the league. It is only necessary for the Monarchs to win one game in order to retain their present position at the head of the list.

RECEPTION TO ORPHANS

Odd Fellows' Hall Scene of Rare Enjoyment to Large Crowd Last Night.

With the reception given last night in the Odd Fellows' Hall, on Third and Princess streets, to the orphans from the Goldsboro Home by Letitia Lodge, Daughters of Rebecca, the outing of the children came to a most pleasant conclusion. For several days the litle folks have been on the go constantly and it is safe to say that they will return to their home in Goldsboro with most pleasant recollections of their visit to Wilmington and the seashore.

The reception last evening began at 8 o'clock and continued until 11 P. M. In addition to the orphans, numbers of the Odd Fellows and of the Daughters of Rebecca, together with a great many visitors, were in attendance. All seemed to thoroughly enjoy the order of exercises.

The principal feature of the evening was a short concert rendered by the orphans. All acquitted themselves creditably and were the recipients of many compliments from the delighted audience. The programme as rendered by the litle folks consisted of songs, recitations, dialogues, etc.

The inimitable George T. Hewlett added to the enjoyment of those present by giving several of his negro character songs and dialogues. The audience was convulsed at his witty sayings and comic melodies and encored him repeatedly.

At the conclusion of the concert those present repaired to the banquet hall where choice refreshments were served.

The orphans will leave for Goldsboro this morning via the Atlantic Coast Line. The people of Wilmington are glad to have had them in their midst and will always have a hearty welcome for them when they return. The children all seem to be thoroughly delighted with their stay and even now are looking forward to the time when they shall have an opportunity to come to Wilmington again.

The committee appointed from the Odd Fellows to arrange the details of the orphans' stay deserve great credit for the successful manner in which they arranged everything. This committee was composed of the following gentlemen: Mr. J. T. King, chairman; Messrs. L. L. Boone, M. W. Jacobi, L. W. Moore, C. D. Morrill Wm. Simpson, A. T. Parker, T. J. Landen, R. J. Shepard, E. F. Johnson, Jno. E. Wood and J. A. Jordan.

EXCURSIONS WILL COME.

One Was Here From Goldsboro Yesterday—Another Due To-day.

An excursion from Goldsboro reached the city yesterday morning about 11 o'clock. There was a party of 300 and most of them spent the day at the seashore, returning to the city late in the afternoon. The excursion left for Goldsboro at 8 o'clock last night.

Another excursion was to have arrived yesterday, coming from Hope Mills, but fearing that our strict quarantine regulations might affect the enterprise, the management decided at the last moment not to run it. However, it is probable that another date will be secured for this excursion within the next few weeks. Should it be run it will be under the auspices of the Odd Fellows Lodge, of Fayetteville.

A colored excursion is due here at 11 o'clock today from Wade, N. C.

Mr. Frank Gough, excursion agent of the Seaboard Air Line, tells a Star representative that notwithstanding the stringent quarantine regulations by the Wilmington Board of Health, the four remaining excursions booked here over the S. A. L. this season will be run. These include two-day excursions from Raleigh, Charlotte and Rutherfordton next week and a one-day excursion from Wadesboro and intermediate points on Labor Day, September 4th. Mr. Gough says he is thoroughly in sympathy with the local quarantine and will in the future require himself on the part of all agents a health certificate before the tickets are sold, as he realizes that will avoid misunderstanding and needless explanations after the passengers are aboard the trains.

DEATH OF MRS. JOHN F. MCNAIR

She Passed Away Suddenly at Jackson Springs.

The numerous friends of Mr. John F. McNair will deeply sympathize with him in the death of Mrs. McNair who passed away suddenly at Jackson Springs about 4 o'clock Thursday morning in her room at the hotel. She was convalescing from a severe attack of typhoid fever which left her heart weakened and her death was from heart failure, to which she was subjected.

Mrs. McNair went to Jackson Springs to recuperate and the night before her death was apparently as well as usual. Mr. McNair, his daughter and two grand children were with her at the springs. She was in the 65th year of her age. The funeral will take place at Laurinburg this morning.

Mr. McNair is a member of the firm of McNair & Pearsall, wholesale grocers, of Wilmington, and is also engaged in mercantile business at Laurinburg. Mrs. McNair was a Miss Lytch, of Richmond county, and was greatly esteemed at her home.

Miss McNair Has Typhoid.

The Raleigh Post states that Mr. Henry McKee, of that city, received on Wednesday a letter from Dr. E. B. Ferebee, who is a member of the North Carolina party en route for Portland, Ore., and California. The letter was written from Colorado Springs on August 11th. Dr. Ferebee states that one of the ladies in the party, the daughter of Mr. J. F. McNair, of Laurinburg, N. C., has typhoid fever and was left in the hospital at Colorado Springs under the care of the best physicians. When the party returns from the Pacific it is hoped that she can be brought home on their car.

SUNDAY BLUE LAW

Board of Aldermen Failed to Tackle Question of Repealing the Ordinance

THE SPECIAL MEETING BRIEF

Ordinance Prohibiting Sunday Sales Referred to Committee to Be Reported at September Meeting of Aldermen for Action.

When it was announced several days ago that a special meeting of the Board of Aldermen was to be called to settle definitely, one way or the other, the celebrated "blue law" question, the people of the city felt sure that it was only a matter of a few days before the question would be finally settled. Those who were of this opinion have another think coming, however, as the special meeting has been held and the matter is just as far from being settled as it ever was.

The meeting was called to order yesterday afternoon at 4:30 o'clock by Mayor Waddell with Aldermen Rathjen, W. H., and W. E. Yopp, Brown, Johnson, King, Karr, and Price present; Aldermen Moore and O'Brien were absent.

Just previous to the meeting a private conference of the board was held at which no newspaper representatives were allowed to be present. The method of procedure followed in the regular meeting was evidently planned at the private conference.

Mayor Waddell called the meeting to order and stated the object to be the consideration of the "blue law" question. Alderman W. H. Yopp read the law referred to, and stated its application with reference to the transacting of any business on Sunday. The penalty attached to any infringement of the law is $25. The purpose of the law is to prevent any person or persons from opening their places of business on Sunday.

After very little discussion, Alderman W. H. Yopp moved that the ordinance known as the "blue law," about which so much discussion has been centred be referred to the ordinance committee of the Board of Aldermen and that the committee amend same and then refer the matter to the next regular meeting of the Board which is to be held two weeks hence. The motion was passed unanimously after which the Board adjourned.

The Mayor defined the law and stated that it should be strictly enforced. He said it applied neither to newsboys, horse stables or to bootblacks. Newstands, however, will not be allowed to offer papers for sale on Sunday. Ice cream deaters are to be allowed to supply their product to customers on Sunday. The ban on cold drinks, cigars, etc., though, is still in effect and will continue until the next Board meeting anyhow.

The action of the ordinance committee will be awaited with interest. Some disappointment is felt among many that no definite settlement of the matter was reached yesterday and it is to be hoped that the next few weeks will see the law either repealed or modified.

TRAGEDY IN CUMBERLAND.

Erastmus Jackson's Head Blown Off —Foul Play Suspected.

Yesterday afternoon's Fayetteville Observer says:

"Dr. McGougan, county coroner, received a telegram from Deputy Sheriff Frank Skipper, at Wade, stating that a man had been killed near Alderman Godwin's and to come up there at once. No other particulars were given.

"A message from Wade to the Observer this afternoon, says that the dead man is Erastmus, or "Rass" Jackson, a white man, living on Mr. D. A. (Alex.) Matthews' place, near Graham's Bridge, and that his head was blown off with a shot gun. The family of the deceased say that it is a case of suicide, but some of the neighbors are a little suspicious and wired for the coroner. Dr. Dye left on the noon train for Wade to hold an inquest, acting for Coroner McGougan, who was unable to go. The dead man leaves a widow, who was Charlotte Hudson, daughter of the late Seth Hudson, and several children."

SUPPER AND RECEPTION.

The D. L. Gore Company Entertained its Employes at Seaside.

The D. L. Gore Company gave a highly enjoyable reception and supper last night at the Hotel Tarrymoore, Wrightsville Beach, complimentary to the company's force of employes. They went down on the 7 o'clock trolley train and returned to the city at 11:30 P. M.

Mr. LeRoy B. Rogers, of the firm, went down with the party, and the affair was managed by him with gracious cordiality and hearty interest. Proprietor Moore sat the party down to one of the Tarrymoore's most elegant seaside suppers, and all who participated, enjoyed the affair, expressing their high appreciation of the courtesy of the D. L. Gore Company in giving them an evening of such great pleasure.

Those in the party were as follows: Messrs LeRoy B. Rogers, vice president; L. C. Hubbard, Jno. T. Gresham, Robt. L. Byrd, Walter W. Love, W. Scott McDiarmid, Chas. R. Yopp, M. McRae Woody, Dudley L. Lennon, John R. Owen and Jas. W. Boney, Jr.

SOLDIERS VS. RAILROADERS.

Fast Game of Baseball At Hilton Park To-Day.

Baseball fanatics will hail with delight the news that a fast game is to be played this afternoon. This game is to be played by the Atlantic Coast Line office team and the strong team from Fort Caswell. Twice have these rivals met on the diamond this season and the game Saturday is intended to settle finally the arguments of adherents of both teams as to which is really the better of the two. The first game resulted in a victory for the railroaders. After a hard-fought contest of 10 innings, they won out by the close score of 5 to 4. The second game ended in a tie; 11 innings were played and then darkness put an end to the deadlock. From these scores one may readily see that the teams are evenly matched, and that a good fast game will be dished out when they line up against each other.

The game this afternoon will be called promptly at 4 o'clock, and a large crowd should witness it. A nominal admission fee will be charged, "Kid" Smith, a twirler of ability, will pitch for the locals and either Grimes or Oberley for the soldiers.

Gone to Atlanta.

Mr. Benjamin Hebard, who has been connected with the local office of the Fruit Growers' Express, left Thursday for Atlanta, where he will make his home in future. WILMINGTON, N. C.

Saturday Morning, August 19.

THE NEGRO NORTH AND THE NEGRO SOUTH.

Some of our Northern contemporaries are alarmed at the immigration of negroes to the North. Some of them go so far as to raise a note of warning and publish editorials deprecating and discouraging negro emigration from the South. It is a fact that negroes are more and more getting it into their heads to go North, singly and in groups, and the movement is going on so constantly that thousands of negroes have left the South for various Northern States.

The negro is not welcomed in the North, however, and he is dreaded worse than an influx of Chinese on the Pacific coast. A great many negroes, from time to time, have gone to Indiana, and his settling there is giving serious concern to the Indiana people. The Indianapolis News (Republican) takes this serious view of it:

"We should think that the honest, hard-working, law-abiding negroes of Indianapolis would be somewhat disturbed over the coming hither of hundred of their race, many of whom are not honest, hard-working or law-abiding. Indeed, the problem is serious, and quite as serious for the blacks as for the whites. For it is the black race that is discredited by these unworthy members of it. There are hundreds of colored people who have lived here for years, have made an honest living, have accumulated property, have obeyed the laws, and have lived on the most kindly terms with the white people. No one regrets their presence in this community. On the contrary, it is admitted that they have done their full part in building it up, and there is no one that knows anything of the city's life and history who would not be sorry to lose them.

"But many of the invaders belong to quite another class. They have come here because, it is said, Indianapolis has won a reputation throughout the South as a place where such people as they are allowed to do as they please. And they come that they may do as they please. Of these many work—and in so doing compete with the real toilers—only enough to get money to spend on their vices. They haunt barrel-houses and dives, loaf up and down Indiana Avenue, and are in constant trouble with the police. They have all the vices of both races, without any of the virtues of either. As was shown in the News of Saturday, many negroes from the far South are coming here now. They, too, have heard that Indianapolis is a negro paradise. And so they are hastening hither.

"We think, and we are sure that the respectable negroes of Indianapolis will agree with us, that it is time something were done to give this town the reputation of being a bad place for the idle, the lazy, the lawless and the criminal of all races. We want no such immigration from any section. It is the duty of all of us, white and black alike, to do what we can to preserve the reputation of Indianapolis as a peaceful, industrious, thrifty and law-abiding community. We must make it understood that the only way one can live here is by honest work, and that no one is wanted here who is not willing to live by that method. There is some talk of a race problem, but in our opinion it is for the most part foolish. The real problem is as to how we may best maintain the high character of our population."

The above from our Indiana contemporary serves to enlighten us on two points—one that the negro is not wanted North, and that the class of negroes there is regarded as superior to the Southern negro. It is true that the comparatively few negroes in the North have had better advantages that the great mass of negroes in the South, but evidently the Northern people misunderstand the negro like they do the white people of the South. They judge the whole negro population by the negro pimps who go North, and condemn the whole race by the sample they get up there. We are sure the South, including the negroes who are honest and want to better their condition, is better off by the emigration of the worthless class, but we doubt seriously whether the South would exchange the average negro in the South for his kind in the North.

After all, is the negro in the North different from the negro in the South? Judging from the lawlessness of the negroes about Philadelphia and over in New Jersey we should think that the proportion of law-abiding negroes in the South is greater than it is North. Give the devil his due.

BALTIMORE AND SOUTHERN TRADE.

It appears that Baltimore is again reaching out for Southern trade. Not that Baltimore has no Southern trade but that the Monumental City wants more of it. A distinctive effort is now being made to increase the already large trade of Baltimore in the South and we must say that we like the idea. We have often wondered that the enterprising Maryland city neglected some of its opportunities and we have been equally surprised that the South generally has not appreciated what it is to have more direct dealings with Baltimore.

Wilmington, especially might have been enjoying larger trade relations with Baltimore long ago if the steps had been taken. We mean particularly that ocean transportation to Baltimore has not been taken advantage of either by that city or this quarter of the South. In this connection, we are at a loss to know why Baltimore's new line of coastwise steamships to Southern ports are not to come to Wilmington. This week the first steamer, The Weems, of the new line ran to Georgetown, S. C., and it appears to us that it is a lack of foresight that she and the other steamers of the new line are not to touch at Wilmington as well. We believe these steamers could be secured for this port upon prompt and vigorous action on the part of our business men. At least we would like to see our Chamber of Commerce take up this matter with the Baltimore promoters of the new line.

The Baltimore Sun is particularly interested in the movement to increase that city's trade in the South, and we take from an editorial in our valued contemporary this significant paragraph:

"In contesting for Southern trade the Baltimore merchant has these advantages: He can undersell his Northern competitor because his rents are 50 per cent. less and his other costs of business are 20 per cent. less. And in addition, the Southerner who buys goods here, except in a few places, saves a considerable sum in his freight bill."

We take it that Southern merchants will not be slow to appreciate the advantage of trade with Baltimore if those advantages are made plain to them. For our part we would like to have closer relations with Baltimore.

CURRENT COMMENT.

—Four men in North Carolina went to sleep on a railroad track, and were hit by the train. Sleeping on a railroad track is almost as dangerous as sleeping in a folding bed.—Atlanta Journal.

—The railroads might make a good thing by running an excursion train from Wilkesboro to Greensboro when the special term of Federal court convenes next month.—Winston-Salem Journal.

—Is the Republican party responsible for dyspepsia? The Times-Union says the party that invented pie is responsible for it.—Morning Post. If the Democrats could get what they want of it the death rate of dyspepties would be greatly increased.—Winston Republican.

—Twenty-six towns and cities in North Carolina own their own water works. Our adjoining town of Salem and Wilmington, N. C., are seriously considering such a proposition. And so should every community including lights, telephones and other necessities for business and the general comforts of life. Money so spent is well applied.—Winston Republican.

—Let us try to struggle along with these "old women" blue laws 'till the Legislature meets, then put the matter in the hands of Watts or Ward, and with the direction of Simmons and Aycock, they will do the rest. Then when the Democratic convention meets put the whole business into the Democratic platform and let her rock, that's the way to do the thing.—Salisbury Sun.

—Those who have been to the North Carolina mountains this summer say that it is a wonder to see the people there. There are people from the North, from the South and from the West. The growth of interest in our mountain country for summer residence or tours is another marvelous growth and development of a Southern resource. The very air and water of our mountain country turns out to be a saleable asset.—Charlotte Chronicle.

THE COTTON MARKET.

New York, August 18.—The cotton market, after another sharp advance early, ruled rather irregular and closed at a moderate reaction from the best, though prices still showed a net gain of 9 to 12 points. Sales were estimated at 550,000 bales. The opening was firm at an advance of 2 to 11 points and inside of the first half hour the market had reached a net gain of 25 to 26 points, with October cotton selling at 10.75 or a little more than half a cent above the low prices of the previous day. There was active covering by smaller shorts, renewed support by Southern bulls, and a scattering wire and commission house demaad on the advance which was attracted by higher cables, another bullish private estimate of the crops condition placing it at 73.3 per cent. against 75 last month, and reports that the Lancashire strike had been finally averted. On the advance there was a renewal of bear pressure, also considerable realizing and the market worked off several points with local bears becoming more aggressive toward the close when, however, there was also covering by early sellers and some bull support. The final tone was steady at about 11 to 13 points off from the best. The weather continued dry and hot in the Southwest with rains in other sections and Southern spot markets were officially reported unchanged to 1-8c higher.

Receipts of cotton at the ports today 7,861 against 9,710 last week and 3,380 last year. For the week, estimated 50,000 bales against 63,643 last week and 14,032 last year. Today's receipts at New Orleans 631 bales against 237 last year and at Houston 3,529 against 1,941 last year.

A Touching Story

is the saving from death, of the baby girl of Geo. A. Eyler, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious Throat Trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for Consumption, Coughs and Colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At R. R. SPIRITS TURPENTINE.

—In a street fight at Kinston on Thursday, Mr. Isaac Bochelle cut Will Borden, colored, pretty badly on the face and head, but he is not seriously injured. Borden knocked Mr. Rochelle down and was advancing on him when he arose and began cutting him out of business.

—The colored teachers' institute is in session in Goldsboro for a term of two weeks and the attendance of teachers is unusually large. The institute is in charge of Rev. C. Dillard, principal of the colored graded schools of Goldsboro. He is assisted by Prof. M. D. Coley, of the Mt. Olive graded schools.

—Several persons interested in the erection of a new cotton mill to be built at Belmont held a meeting at Gastonia Thursday afternoon, the purpose being for organizing and laying plans for the building. A site has been bought for the new mill. The mill will have about 5,000 spindles, though this question has not yet been settled. Those interested in this new enterprise are principally the stockholders of the Chronic mill at Belmont. This will give Belmont two cotton mills.

—In the Superior Court at Charlotte on Thursday, Ed. Hall the negro who attemped a criminal assault on Mrs. Mack Auten, was sentenced to seven years in the penitentiary. The case occupied about ten minutes. Just time enough for Mrs. Auten to give her testimony and Judge Osborne to submit for the accused. It did not go to the jury. Judge Cook sentenced Hall to seven years in the penitentiary, saying that he never went the limit of the law and that on account of the negroe's age he believed that would be the just punishment.

—The following notice from The Morning Telegraph, of New York, of the 15th, will be of interest to North Carolinians, for Miss Angela McCaull is from Greensboro: Henry Guy Carlton's clever play, "The Butterflies," in which John Drew and Maude Adams made one of their greatest successes, was admirably presented at Proctor's 125th Street Theatre yesterday by the regular house company. Paul McAllister, who is always a tremendous favorite with the Harlem audiences, scored heavily in the part of Frederick Oasian, while Angela McCaull did equally well with the character of Susanne.

—Raleigh News and Observer: Mr T. K. Bruner, who has charge of immigration in North Carolina, will head the delegation from this State to the National Conference to discuss the subject of immigration, which will be held in New York city, December 6th. This meeting will be under the auspices of the National Civic Federation, of which August Belmont is president, Cornelius N. Bliss is treasurer and Samuel B. Donnelly is secretary. The governor of every State has been requested to appoint ten delegates to the conference, and Governor Glenn will probably appoint those to represent North Carolina when he returns from his visit to New England.

Let Common Sense Decide

Do you honestly believe, that coffee sold loose (in bulk), exposed to dust, germs and insects, passing through many hands (some of them not over-clean), "blended," you don't know how or by whom, is fit for your use? Of course you don't. But

LION COFFEE

is another story. The green berries, selected by keen judges at the plantation, are skillfully roasted at our factories, where precautions you would not dream of are taken to secure perfect cleanliness, flavor, strength and uniformity.

From the time the coffee leaves the factory no hand touches it till it is opened in your kitchen.

This has made LION COFFEE the LEADER OF ALL PACKAGE COFFEES.

Millions of American Homes welcome LION COFFEE daily. There is no stronger proof of merit than continued and increasing popularity. "Quality survives all opposition."

(Sold only in 1 lb. packages. Lion-head on every package.)

A DANGEROUS MISTAKE.

Wilmington Mothers Should Not Neglect Kidney Weakness in Children.

Most children have weak kidneys. The earliest warning is bed-wetting. Later comes backache, headache, languor.

"Tis a mistake to neglect these troubles,

To blame the child for its own distress.

Seek to cure the kidneys—

Save the child from deadly kidney ills.

Doan's Kidney Pills cure sick kidneys.

Wilmington parents recommend them.

J. T. Ebert, formerly of 515 South Sixth street, mattress maker, says: "I used Doan's Kidney Pills in my family. My little girl complained of severe pains in the small of her back, and the kidney secretions were dark and full of brickdust sediment. We were very much worried about her and when I learned of Doan's Kidney Pills, I went to R. R. Bellamy's drug store and got a box and gave them to her. Since using them she has improved wonderfully and is a different child. Her kidney secretions cleared up, she does not complain of her back, and in fact Doan's Kidney Pills gave her new life. We are very much pleased with them and you can use my name and welcome."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

THE PEOPLE ALL

in Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

HARDIN'S PHARMACY, Special Agent.

Public is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters, of 546 St. Clair Ave., Columbus, O., writes: "For several months, I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief and in a short time I was entirely cured." Guaranteed at R. R. Bellamy's drug store; price 50c. **

Fiendish Suffering

is often caused by sores, ulcers and cancers, that eat away your skin. Wm. Bedell, of Flat Rock, Mich., says: "I have used Bucklen's Arnica Salve, for Ulcers, Sores and Cancers. It is the best healing dressing I ever found." Soothes and heals cuts, burns and scalds. 25c at R. R. Bellamy's drug store; guaranteed. **

Special Trial Offer

THE MORNING STAR

At Reduced Rates

To New Subscribers

For the next sixty days will mail THE MORNING STAR to subscribers outside the city at the following reduced rates:

FOR ONE YEAR	$4.00
FOR SIX MONTHS	$2.00

Positively, no subscription will be taken at the reduced rates for a period less than six months. For one month the price will be, as heretofore, $1.25 for three months; or, fifty cents for one month.

This offer, as will be noted, is for a limited period only, and is made for the purpose of giving those who appreciate the value of a daily newspaper an opportunity to read the STAR for six months, or more, at a cost of about one and a quarter cents per copy, and then determine whether or not they will continue their subscription at the regular price.

No name will be entered on our books under this offer unless the order is accompanied with the cash.

While this proposition is made primarily to secure new subscribers, old subscribers outside the city may avail themselves of its advantages at the reduced rate provided they pay all arrearages and for not less than six months in advance.

On account of the heavy expense attached to our city circulation department this offer does not apply to city subscribers.

Sample copies mailed free to any address.

Note the conditions of this offer carefully to avoid mistakes.

THE SUCCESSOR TO GEN. FITZHUGH LEE

Hon. Henry St. George Tucker Elected President of Jamestown Exposition Company.

By wire to The Morning Star

Norfolk, Va., August 18.—Hon. Henry St. George Tucker, dean of the school of law and diplomacy, of George Washington University, formerly Columbian University, Washington, was unanimously elected president of the Jamestown Exposition Company this afternoon, by the Board of Directors. When one of the officials of the company, Mr. Kieley, was asked if Mr. Tucker would take the place, he said that that gentleman's acceptance was practically certain.

A committee was appointed to go to Washington and notify Mr. Tucker of his election. The members of the notification committee are: Alvah H. Martin, Robert M. Hughes, Barton Myers, C. Brooks Johnston, O. D. Batchelor and George Schmelz.

The notification committee today addressed the following to Mr. Tucker:

"The committee appointed by the Board of Directors of the Jamestown Exposition Company to notify you of your election to the presidency of the company wired you as follows:

"'At a meeting of the directors of the Jamestown Exposition Company just held, you were unanimously elected President to fill the vacancy occasioned by the death of General Fitzhugh Lee. Your acceptance will maintain the high historical and educational standard of the exposition which is our cardinal ambition, and thereby make it a fitting commemoration of the three hundredth anniversary of the nation's birth.'

"We beg to confirm this telegram.

"Rarely, if ever, has the State of Virginia demanded a leader for an enterprise so great as the one you have been chosen to direct. The story of our great commonwealth teems with romance and bristles with decisive incidents. The plain tale of the State is an epic, her story a drama whose climaxes have been limited solely by occasion.

"We have honored our enterprise and adhered to the best traditions of our commonwealth by inviting you to assume its presidency. Your acceptance may entail a personal sacrifice, but your inheritance and your life prevent the thought of self-obtruding upon your duty to your State.

"We are to celebrate the most transcendent event in the nation's history; we are to memorlize the implanting of the germ from which our great union has evolved; we are to commemorate, not only the deeds of the founders, but the events which those deeds with precision forecasted. Our exposition is to be an apotheosis of the men, pioneers in the forest lands, hewers of the waste places, builders of a free state, evangels of liberty far flung throughout the world.

"We call you to the headship with a full assurance that your character, attainments and equipment mark your pre-eminent fitness for work, and we

WARM WIRELETS.

James McFall, of Roanoke, Va., was elected secretary of the International Association of Fire Engineers, in session at Duluth, Minn.

State Health Officer Sanders says that persons from infected yellow fever districts in other States who want to come through Alabama going to other States will not be allowed in Alabama until their seven days' detention are up, even if they do not stop within the borders of Alabama.

Dr. Eckford, city health officer of Starkville, Miss., announces a well developed case of yellow fever at that place. The case is that of a man named Clark who came from Mississippi City. The Mobile and Ohio has annulled all trains on the Starkville branch until they can make further arrangements.

Robert Murphy, a deputy sheriff from Guckenheim county, W. V., was shot from ambush to-day and instantly killed while riding on a railroad velocipede between Logan and Holden. Murphy had just brought Henry Harmon, who was arrested in Virginia, to Logan for trial, and it was supposed that the act was committed by some friends of Harmon's.

Bleached goods started an upward movement in the New York dry goods market yesterday, when prominent lines were moved up 1-4 per yard. Buyers consider prices on all cotton goods have gone too high. Today they confined purchases to small lots for immediate use. Prints were again in heavy demand; stocks at first hands are exhausted. Cotton yarns of lower and medium counts are advancing despite the easier quotations for cotton.

What threatens to develop into a wholesale exposure of official misconduct in Ybor City, was precipitated yesterday by the arrest of Constables N. Madruga and Louis Callenberg on the charges of attempting to extort blackmail from the proprietor of Bolita or Cuban lottery games. The warrants were sworn out by Deputy Sheriff J. J. Stephens, and the prisoners were released in one thoursand dollars bail each. It is stated that this is but the first step in the exposure of an elaborate system of blackmail.

Harvey Mize, a citizen of Bennett, Tenn., a little mining town in Campbell county near LaFollette, Tenn., shot and instantly killed his wife at an early hour yesterday morning, mistaking her for a burglar. Mrs. Mize had gone to the rear of the house to secure a drink of water for her little girl, who was ill. While letting down a window the noise awoke her husband who was sleeping on a couch in a room. Seeing the shadow of a person before him, he seized a 45-calibre Colt's pistol and fired. His wife fell to the floor gasping for breath and died without being able to speak a word. The father and little daughter are crazed with grief.

PEACE ENVOYS REACH DEADLOCK

It is Thought that the Fate of the Peace Conference is Already Sealed

POWERS MAY INTERVENE

Pressure May Be Exerted to Induce Japan to Moderate Her Demands—Neither Side Will Yield a Single Point.

By Wire to the Morning Star.

Portsmouth, N. H., August 18.—Black pessimism reigns at Portsmouth to-night. The prevailing view is that the fate of the peace conference is already sealed, that it has ended in failure, and that all now remains is for the plenipotentiaries to meet on Tuesday to which day they adjourned this afternoon upon completing the seriatim consideration of the Japanese terms, sign the final protocol, go through the convention and bid each other farewell. In other words, that the meeting Tuesday will be that what diplomacy calls the "seance d'adieu," but there is still room for hope of a compromise. Neither President Roosevelt, nor the powers will see the chance of peace shipwrecked without a final effort and that pressure is being exerted especially at Tokio to induce Japan to moderate her terms is beyond question. Just what is being done or is to be done has not transpired. King Edward, is understood to be now lending a helping hand, and the financiers of the world are known to be exerting all their influences. At Tokio and St. Petersburg the final issue will be decided. The Japaneses have been implacable throughout the six days sittings. They have listened and explained, but they have yielded not an iota of the substance of their original demands. Mr. Witte accepted outright seven of the twelve Japanese conditions, one in principle and four including the main issues, indemnity and Sakhalin, he rejected. The other two limitation of naval power and the surrender of the interned warships, might have been arranged had there been any prospect of agreement on the two points upon which the divergence seemed irreconcilable.

In the oral discussion of the terms, Mr. Witte yielded upon two articles but substantially the result of the thirteen sittings of the envoys has only been to emphasize the position taken by Mr. Witte in the written reply he presented last Saturday to the Japanese terms. And now both sides turn to home for the last word before the cards are thrown face upward upon the table next Tuesday, for the impasse reached today by the plenipotentiaries is recognized to be only a diplomatic fiction. If in the interim fresh instructions are received by either side compromise is yet possible. But the chances are recognized to be slim. So far as the Russian plenipotentiaries are concerned there never was a chance of their yielding both indemnity and Sakhalin. The cession of Sakhalin without indemnity was, according to the best inside information the extreme limit to

suance of his manifesto granting a popular representative body to his subjects. The bearings of this "historic document" as Mr. Witte described it a few days ago upon the issue are easily comprehensible. It is bound to ameliorate that internal situation in Russia.

The manifesto is Emperor Nicholas answer to the Japanese demand for the payment of a war tribute. The grant of this broad reform is regarded as virtually an appeal to the Russian people for support to resist it.

At Tokio it is impossible to tell what view will be taken. Peace probably can be even now secured by the sacrifice of the indemnity. Vague intimations tonight come from the Japanese side that "the demand for the cost of the war" might be moderated, but Mr. Witte's reply is that he will pay liberally for the maintenance of the Russian prisoners in Japan but "not a copeck for tribute."

Tonight the situation can be summed up in a single sentence—prompt and heroic action by outside influence alone can save the conference.

At midnight Assistant Secretary Pierce was hurriedly called to the Hotel Wentworth where a message was awaiting him from the President. He immediately wrote a lengthy reply. Later he was called to the telegraph instrument and for an hour carried on a conversation by telegraph with the President who was at the other end of the wire at Oyster Bay.

The Associated Press has reason to believe that the purpose of the President's conversation with Mr. Pierce was to arrange for one of the Russians to go to Oyster Bay. The President is understood to be already in communication with the Japanese through Baron Komura. Mr. Roosevelt is undoubtedly prepared to make a last effort to induce the warring countries to compormise.

Official Statement.

Portsmouth, N. H., August 18.—The official statement of the morning session of the peace conference is as follows:

"In the sitting of this morning of August 18, the conference has continued the discussion of Article 11 and the discussion has not been finished. The discussion of the article will be resumed at 3 o'clock."

The following is the official bulletin of the afternoon session:

"Not being able to arrive at an agreement on Article 11, the conference passed to the discussion of the last article which has been settled unanimously. The next sitting will take place Tuesday, August 22, at 3 o'clock in the afternoon."

"Article 11 relates to the disposition of the interned warships and Article 12 grants the Japanese fishing rights on the Russian Asiatic littoral.

The Italian Royal Marine Commission has approved a project to establish steamship communications between Italy and this country. It is probable the service will be undertaken by the Italian General Navigation Company.

INFERNAL MACHINES SENT NEW YORKERS

Attempts Made to Kill Jacob H. Schiff and M. Guggenheim, Prominent Citizens.

By Wire to The Morning Star.

New York, August 18.—Two small infernal machines were sent to prominent New Yorkers today. Jacob H. Schiff, the banker, was the target of the moredangerous of the machines, a contrivance capable of causing death. The other was received by M. Guggenheims Sons, and was directed to the office of the American Smelting and Refining Company.

Mr. Schiff was absent from the city being at Bar Harbor. The banking firm of Kuhn Loeb & Company, of the more dangerous of the machines, which he is a member received yesterday by mail a wooden small size box about six inches long, addressed to Mr. Schiff and marked as if coming from Edward Seventh. It was immediately turned over to the police. Removal of the wooden cover discovered only an innocent package wrapped in some paper bearing stock quotations, but inside was a contrivance arranged, at the least rough handling, to discharge two cartridges loaded with 32 calibre bullets and packed

An automobilist, said to have been Governor James B. Frazier, of Tennessee, suffered a wreck to-day on a steep hill at a point near W. K. Vanderbilt's "Idle Hour Estate, at Oakdale, L. I. The automobilist was buried in a swamp and escaped severe injury because of the soft mud. A rear wheel of the car was torn off, and it was otherwise injured. The owner continued his journey by rail. about with lead slugs. The entire affair was enclosed inside a cylinder of emery paper tightly sealed with cotton, and containing 31 grains of highly explosive powder and matches. The matches were placed so as to be ignited by the emery paper and then to touch off the powder.

The other infernal machine, identical in size and general make with this one, was received by M. Guggenheims Sons in a package which bore on the outside, in stamped letters the name Jacob H. Schiff. This machine differed from the Schiff explosive only by containing, in place of the cartridges, a phial filled with some substance thought to be nitro-glycerine or sulphuric acid.

JUDGE ORDERS SALE OF R. R.

Preacher Rescues Three Women from Disreputable House.

(Special Star Telegram.)

Raleigh, N. C., August 18.—Judge Purnell, of the United States Court, to-day made an order for sale the Carolina and Northern Railroad to be made at Lumberton, October 16th, by Capt. V. E. McBee, who, by the same order, is made sole recever for the road. The sale will be made without compensation since he receives commissions are receiver.

Pastor J. C. Masse, of the Tabernacle Baptist church, and a band of workers forced their way into a disreputable house, kept by Pauline Thornton, in East Raleigh, last night and induced three women to come away with them for reformation. They spent last night at the pastor's residence, and this morning were carried to Tabernacle church and baptized, and thence to the Union Depot, where tickets were purchased and they were sent to New York under the chaperonage of Rev. Sylvester Betts, where they will be committed to a house of refuge. The Thornton woman had promised to surrender to the party her six-year old daughter this morning, but when she was sent for, the woman refused to let her go, having reconsidered her promise over night.

LYING AT POINT OF DEATH.

W. T. Boyd Struck by Hatchet in Hands of a Lunatic.

By Wire to The Morning Star.

Lebanon, Va., August 19.—W. T. Boyd, a traveling salesman for Armstrong, Cator & Co., of Baltimore, Md., is lying at the point of death in this town, from wounds received by being struck over the head with a hatchet in the hands of Dr. Walter E. Anderson, of Lebanon. The assault occurred this morning at 9 o'clock, and this afternoon Dr. Anderson was declared a person of unsound mind, and was sent to the asylum at Marion.

It is not known what caused the assault which occurred in the store of C. C. Alderson, one of the most prominent business men in Russell county. Mr. Boyd was making a display of his line of millinery goods, when young Aldermen picked up a hatchet and struck him a severe blow in the head. His condition was precarious from the start and at 9 o'clock to-night, Boyd was not expected to survive.

Bride and Groom Home.

Mr. E. P. Dudley and bride returned to the city yesterday morning from their honeymoon trip. They have been absent from the city about three weeks, having spent most of the time with relatives in Mobile, Ala. Mr. and Mrs. Dudley are at home to their friends at Mrs. F. M. Bryant's residence on Third street, between Grace and Walnut streets.

NO CHANGE IN FEVER SITUATION

Health Officers Are Extremely Diligent in their Efforts to Discover New Cases

TOTAL CASES TO DATE 1,285

News From Outside the City Continues Unfavorable—Sixteen New Foci Discovered—Number of Cases Under Treatment, 415.

By Wire to The Morning Star

New Orleans, August, 18.—The following is the official record to 6 P. M., Friday:

New cases, 62; total to date, 1,285.
Deaths, 8; total to date, 188.
New foci, 16; total to date, 278.
Number of cases under treatment, 415.

The figures of the day show nothing of special interest. Eleven of the sixteen foci are above Canal street. Two more cases have appeared in the French Asylum on Stann and Derbigny streets, making five in all. That is the only asylum infected up to date. Of the deaths two were in the Charity Hospital and two in the Emergency Hospital. One occurred in Algiers.

News from outside the city continues unfavorable. Dr. Brady, the medical inspector of the State board, who is also health officer of Jefferson parish, spent most of the day in his own parish on a still hunt, and found several cases. He found one case in Hanson City, just above Kenner, two cases in Shrewsbury, five miles from New Orleans and one case in McDonoughville, across the river from New Orleans.

Dr. Brady also visited Pecan Grove plantation in St. Charles parish and found five cases in two houses.

Patterson reports six new cases and no deaths.

Alexandria's one patient, G. J. Hayden, died today.

Dr. Goldberger, of the Marine Hospital Service, has been assigned to take charge of the work at Alexandria.

Dr. J. A. Devron left for Thibodeaux this morning to visit the nest of infection at the mouth of Bayou LaFourche. It will be impossible to hear from him for at least three days.

There were no new cases at Mississippi City.

POPULAR LYCEUM COURSE.

Eagles Meeting With Success in Sale of Tickets.

The members of the fraternal Order of Eagles are meeting with much success in their efforts to dispose of season tickets for the Lyceum course to be given under their auspices during the coming Winter months. The attractions that go to make up the course are all of a high class, and it is presumed the Eagles wil have little difficulty in disposing of a large number of tickets for the course.

These entertainments are to be given in the Opera House, and there are eight in the course, one being given in each month during the Winter season.

The entertainments in this course will be as follows:

1.—Frank Dixon, Lecturer.
2.—Old Homestead Quartette.
3—Montauk Ladies Quartette.
4.—George — Hillebrandt Concert Company.
5—Professor H. W. Richards (Lecture on Liquid Air, with experiments).
6—Boston Orchestral Company.
7—Southern Trio and Mart King.
8.—Alkahest Male Quartette and Bell Ringers.

From this list one may readily receive an idea of the excellence of the course. The Eagles have already sold about 150 tickets and expect to dispose of at least 500 within the next few days. The price of a season ticket is $2, really a low price when the real merit of the attractions is taken into consideration. Tickets may be secured from members of the Eagles or from Ahren's Drugstore on Princess street.

MANY NEW BUILDINGS.

Applications for Permits from Parties intending to Build.

The following applications for building permits have been filed with the City Clerk and Treasurer:

Walter Taft, to erect three one-story frame shingle roof buildings at the corner of fourteenth and Dock streets.

L. B. Rogers, a two-story frame metal roof building on Fourth between Chesnut and Grace streets.

C. B. West, architect, for a one-story brick building, tin roof, on the store lot at the junction of Vance and Dickinson alleys, for G. O. Gaylord.

Geo. O. Gaylord, for two frame buildings on Wood street, between Green and Fanning streets.

W. M. Dixon, a two-story frame shingle roof building on Church street, between Fifth and Sixth streets.

Suicide In Well.

The Fayyetteville Observer of yesterday afternoon says:

News has just reached this city of a suicide near Godwin on Friday last. A Mrs. Allen, who was living with a married daughter, after placing a letter in the family Bible, told her daughter it was time to prepare dinner, and left the house. An hour later, the daughter went out to call her mother to dinner, and, finding her bonnet lying at the well side and suspecting something dreadful, cried for help. Neighbors soon arrived on the scene, and the body of the unfortunate woman was discovered in the well. The letter she had placed in the Bible was found to be her will, thus showing that the deed was carefully planned.

The Inimitable Blount.

Golden opinions are heard of the entertainments given by Mr. Henry Blount, lecturer and monologue actor, at the Seashore Hotel, Wrightsville Beach. Tuesday night he gave his audience 'Wit and Humor," and having remained over till Wednesday night to enjoy the delights at the seaside, he was prevailed upon to give an interpretation of Rip Van Winkle. Mr. Blount takes all the characters in the production, from old Rip to Gretchen, and he does it in such an artistic way as to make one marvel. His gen.us, eloquence and wit were highly appreciated by the audience, and it was agreed that this genial North Carolina entertainer is inimitable.

THIRTEEN LIVES LOST IN THE A. C. L. WRECK

Traffic Over That Portion of Line Temporarily Suspended. Thousands Visit the Scene of Disaster.

By Wire to The Morning Star.

Norfolk, Va., August 18.—The removal of the two Atlantic Coast Line cars which plunged into the Elizabeth river yesterday afternoon revealed the fact that there were but two bodies in the car, making the number of bodies recovered 13, and with five reported missing.

None of the injured now in the hospitals will die, but a majority of them will be sent to their homes in a day or two. The bodies of the dead will be forwarded to their homes tomorrow.

A careful examination of the bottom of the river revealed no more bodies and the Coast Line officials are convinced that the death list is now complete. The small casualty list in the first car which was completely submerged is explained by the theory that when the emergency brakes were applied many of the passengers thought a collision was imminent and they rushed into the second car and all of them had time to escape except two before the car finally sank beneath the surface of the river.

Outside its gruesome aspects, this work of rescuing is interesting, and there were thousands who traveled to Bruce's station today. Chains had been placed under the cars by divers and wrecking engines tugged and pulled at the coaches until they were brought to the surface, when they were gradually brought to the beach. In a mass of debris lay the engine and tender, and these have not been brought out yet. Remnants of the draw, completely destroyed, tangle about them, and the divers must clear away timbers, twisted iron and tangled wreckage. As the circumstances and the fact that the great weight of the locomotive drove it deep into the soft mud admit, the engine will be girdled with strong chains and picked up by derricks. To any one unaccustomed to a wrecking train, this operation is wonderful and more wonderful in its simplicity when viewed.

Traffic on the Atlantic Coast Line over this route, has been necessarily suspended, and the trains are being brought in by connection with the Seaboard Air Line at Suffolk. Two weeks of forced labor will hardly repair the broken draw. Perhaps replaced would be a better word, for there is nothing of the draw left. Leaping the chasm, the heavy engine bore drawbridge and all appertaining thereto to the bottom of eighteen feet of water and the slimy mud beneath. On top of this piled a coal burdened tender and two passenger cars, and there is little left of the swinging bridge structure, but torn timber and interlaced iron.

The official version of the wreck was made late to-night in a statement given out by Superintendent Wooten, of the Coast Line. The statement follows:

"Up to this time we are unable to give definite information as to the exact cause leading up to the wreck. The engineer who has been in the employ of the Coast Line about a year, is still in the hospital, and we have been unable to get a statement from him or from other witnesses to make up a definite statement. We have recovered both cars from the river bed. From the first car recovered nine bodies were taken out, and from the last car, two bodies were found. So far as we are able to ascertain the complete list, of fatalities are covered by these figures, although it is said that some four or five other persons are known to have been in the submerged car, who are reported as missing. Among these are W. E. Jolly, of Greenville, N. C., one of the managers of the excursion. The colored assistant bridge tender Collins Ferguson is also among the missing. Thirty-two passengers are reported injured up to this time, the majority of which are not serious and no apprehension is felt for the ultimate recovery of all of them."

Death of Young Lady.

We are pained to announce the death of Miss Nora Lee Bowers, daughter of Mr. and Mrs. J. L. Bowers, which occurred last night at the residence of her parents, 511 Wooster streets. Miss Bowers was born in Roberson county, but has lived here for the last few years. She was 17 years old and had a large circle of friends who are grief-stricken at her early demise. The funeral services were held this morning from the home, and was conducted by the Rev. Harold Thomas, rector of the Chapel of the Good Shepherd. The interment took place in Oakdale cemetery. The pallbearers were Messrs. Sam Brittain, Albert Schroeder, Joseph S.. Bryan, Clim Moore, John McAllister and Harry Thomas.

Death of Aged Lady.

Mrs. Judy Ann Skipper, wife of Mr. E. Skipper, died Wednesday morning at her home in Brunswick county a few miles from this city. Mrs. Skipper had reached the advanced age of 85 years, 3 months and 17 days. She leaves to mourn her loss one son, Mr. Ezekiel Shipper, a member of the Wilmington police force. He has the sympathy of many friends in the bereavement which has befallen him. The funeral was conducted Thursday afternoon from the residence.

Odd Fellows To Build.

The Odd Fellows of Goldsboro, are to erect a handsome building in their city, and will probably have it erected in the next twelve months. It is to be a three-story structure of handsome design and finish, and will cost from $15,000 to $20,000. The building committee came to Wilmington yesterday to consult Mr. H. E. Bonitz, the architect. The committeemen who came were Messrs. W. T. Hollowell, W. T. Harrison, Junius Slocumb, L. G. Waddell, J. M. Powell, and J. W. Lamb.

SUNDAY SERVICES.

First Presbyterian church, corner Third and Orange streets, services tomorrow, Sunday, at 11 A. M. No afternoon service. Preaching by Rev. H. W. McLauchlin, of Louisville, Ky., Prayer meeting Wednesday evening at 8:15. All welcome.

For several Sundays during the absence of Rev. Dr. Wells of the First Presbyterian church, that pulpit will be supplied by Rev. H. W. McLauchlin, pastor of the Stuart Robinson Memorial church, Louisville, Ky. Services tomorrow, Sunday, at 11 A. M.; no services in the evening. Mr. McLauchlin will preach at 8:30 in the chapel on Wrightsville Beach.
